

# Environmental Stewardship

Modular Millwork supports practical, economical and environmentally sustainable manufacturing, sourcing and distribution practices to safeguard and protect our planet. We partner with suppliers who share our holistic commitment to green practices. Our mission – Provide healthy, flexible, durable and efficient interiors for active workrooms.

## Environmental Stewardship

### LEED Credit Categories and Point Information – Modular Millwork®

LEED Category	Objective	Requirement	Potential Points	Modular Millwork Compliance*
Indoor Environmental Quality (IEQ)	Improve air quality and occupant wellness. Eliminate and reduce indoor pollutants.	Products with no added UF, HAPs or harmful VOCs <ul style="list-style-type: none"> <li>• Low emitting mtl's</li> <li>• Pollutant Control</li> </ul>	1–5 1	<ul style="list-style-type: none"> <li>• Panels with zero added UF</li> <li>• Powder paint with zero VOC</li> <li>• Polystyrene with zero PVC</li> <li>• Germ &amp; allergy killing surfaces</li> </ul>
Materials and Resources (MR)	Reduce environmental impact, waste and materials needed. Source locally	<ul style="list-style-type: none"> <li>• MR 4.1 – 10% recycle content</li> <li>• MR 4.2 – 20% recycle content</li> <li>• MR 5.2 – source within 500 miles</li> </ul>	1 1 1	<ul style="list-style-type: none"> <li>• 100% Recycled cores</li> <li>• High recycle content for steel &amp; plastics</li> <li>• Natural surfacing materials</li> <li>• Local southeast US manufacturer</li> <li>• “Green” facility</li> </ul>
Innovation and Design (CI)	Environmentally practical strategies and behaviors	Improve sustainable building strategies and knowledge	1–4	<ul style="list-style-type: none"> <li>• Eliminates millwork obsolescence, replacement impacts and costs</li> <li>• Modular design for easy reuse and maximum service life</li> </ul>
Innovation In Upgrades, Operations and Maintenance (EB)	Expand LEED and sustainable building practices & knowledge	Exceed required LEED performance levels & innovate	1–4	<ul style="list-style-type: none"> <li>• Self-sanitizing, low maintenance surfaces.</li> <li>• Reconfigure to upgrade with minimal cost and zero environmental impact</li> </ul>

\*Modular Millwork LEED compliances are project specific. Consult your authorized Modular Millwork dealer for specific compliances relevant to your sustainable projects and objectives.
